 - ✓ Start from the top side to bottom side, stretching the diaper by adhering the diaper waistband to the Velcro strips as shown below, for an easy fit:

3. Fit the leak guards of the diaper to the Anti-leak Tabs by adhering them to the Velcro hook tabs

4. Lay the baby on his back with the bottom on the changing area.
5. Use the straps to secure the baby's legs to prevent rolling off (when necessary).
6. Fasten the clean diaper securely.

Prepare BellAyan™ - changing mat using plastic disposable sheets (baby poo)
